## Children and Young People's Complaints & Compliments Form

At WPCCC we want everyone to enjoy our activities and events and to be involved in our planning. It is very important that we listen to children and young people when delivering our service. This form is to help children and young people express their views on WPCCC and the work we do.

If you have something to say, we want to hear it! If you need help to complete this form that's ok too. You can use this form to make a complaint or comment, or you can use it to pay us a compliment.

If you tell someone you are not happy and want something changed, this is a COMPLAINT

If you say how things could improve, this is a COMMENT

If you tell someone you are happy and things are good, this is a COMPLIMENT
